Paragraph (1) of rule 0780-2-3-.02 Submission of Plans is amended by deleting the text of the paragraph in its entirety and substituting instead the following language so that, as amended, the paragraph shall read:

- (1) After the effective date of this chapter, no person shall commence construction of any educational occupancy, including those licensed by the Department of Education, detention and correctional occupancy or state building until plans and specifications therefor have been submitted to and approved in writing by the Division. The Division shall also review plans submitted for review of day care centers which are licensed by the Department of Human Services and the Department of Education. The following exceptions to such plans review will apply upon written approval by the Division:
  - (a) An existing building comprising an area of two thousand (2,000) occupied square feet or less, or an area within an existing building that is bound by two (2)-hour fire-rated constructions and that consists of two thousand (2,000) occupied square feet or less, that is proposed to house an educational occupancy and enrolls twenty-four (24) or fewer students may have code compliance determined through inspection by the state fire marshal. The state fire marshal may further require a limited plans review if the state fire marshal determines that it is necessary in order to ensure adequate code compliance. All such limited plans reviews will be subjected to the minimum review fee as authorized by this Chapter and the requirements for the issuance of a Certificate of Occupancy as authorized by this Chapter.
  - (b) An existing building comprising an area between two thousand (2,000) occupied square feet and five thousand (5,000) occupied square feet, or an area within an existing building that is bound by two (2)-hour fire-rated constructions containing between two thousand (2,000) occupied square feet and five thousand (5,000) occupied square feet, that is proposed to house an educational occupancy and enrolls between twenty-five (25) and ninety-nine (99) students will be subjected to a limited plans review. An applicable review fee as authorized by this Chapter will apply.
